Investor Presentation
January 2016

Founded as a lead insurer by German corporates

Group structure

¹ Including employee shares and stake of Meiji Yasuda (below 5%)

History

1903	Foundation as 'Haftpflichtverband der deutschen Eisen- und Stahlindustrie' in Frankfurt
1919	Relocation to Hannover
1953	Companies of all industry sectors are able to contract insurance with HDI V.a.G.
1966	Foundation of Hannover Rückversicherungs AG
1991	Diversification into life insurance
1994	IPO of Hannover Rückversicherung AG
1998	Renaming of HDI Beteiligungs AG to Talanx AG
2001	Start transfer of business from HDI V.a.G. to individual Talanx subsidiaries
2006	Acquisition of Gerling insurance group by Talanx AG
2012	IPO of Talanx AG
2014	Listing at Warsaw Stock Exchange

Strong roots: originally founded by German corporate clients; HDI V.a.G still key shareholder

Four divisions with a strong portfolio of brands

▶ Integrated international insurance group following a multi-brand approach

International footprint and focussed growth strategy

International presence

- Total GWP: €29.0bn (2014)
- 2014 GWP: 53% in Primary Insurance (2010: 51%), 47% in Reinsurance (2010: 49%)
- Group wide presence in >150 countries
- ~21,300 employees in 2014

International strategy by divisions

Industrial Lines

- Local presence by own risk carriers, branches and partners create efficient network in >130 countries
- Key target growth regions: Latin America, Southeast Asia/India, Arabian Peninsula

Retail International

- Target regions: CEE (incl. Turkey) and Latin America
- # 2 insurer in Poland²
- # 5 motor insurer in Brazil²
- # 2 motor insurer in Chile²
- # 9 motor insurer in Mexico²

Reinsurance

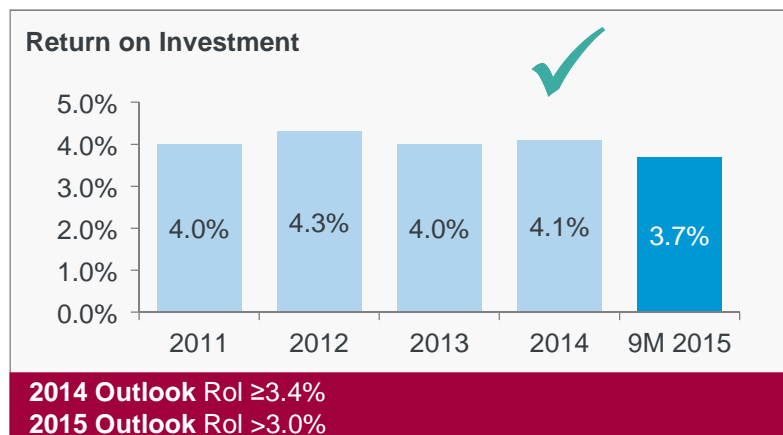

- Global presence focussing on Western Europe, North- and South America as well as Asia
- ~5.000 customers in >150 countries

¹ By branches, agencies, risk carriers, representative offices

² Source: local regulatory authorities, Talanx AG

▶ Global network in Industrial Lines and Reinsurance – leading position in retail target markets

Talanx Group – Target achievement

Note: figures restated on the base of IAS8; 2014 Outlook reflects targets as presented in November 2014
¹ EBIT and net income impact from goodwill impairment of €155m in Q2 2015

dividend pay-out ratio

Valuation – A special look at Primary Insurance

¹ In this analysis, Primary insurance also contains Corporate Operations and Consolidation

² 2016 earnings estimates based on the 2016 sell-side consensus collected by Talanx and by Hannover Re in December 2015. Talanx' stake in Hannover Re is 50.2%.

▶ Strikingly low implicit valuation of Primary Insurance

Valuation – Earnings contribution from Primary Insurance

Net income Primary Insurance¹

Comments

- Underlying profit contribution of Primary Insurance robust and recently improved
- „Balanced Book“ initiative focussing on underwriting results in Property, Marine and Fleet in Industrial Lines
- KuRS programme in Retail Germany addresses profitability
- Full goodwill impairment in German Life

¹ Incl. Corporate Operations and Consolidation, adjusted for balance-sheet related changes in German Life and for gains from the sale of Swiss Life shares

Robust and recently improved underlying results from Primary Insurance

Valuation – Could it really be explained by a holding discount?

¹ applying an average sector PE of 10 on an assumed Primary Insurance profit of €252.8 m

² Xetra closing on 30 December 2015

Measures to secure and to boost value in the Group

- Disciplined resource-management: Generally no cash transfer into ailing Primary Insurance units
- Restrictive use of profit (and loss) sharing agreements in German Life
- Definition of standalone business-specific RoE targets by division that also drive remuneration
- Disposal of non-core activities (e.g. Bulgaria, Luxemburg, Ukraine, Liechtenstein, non-core German assets)
- Diversification benefits reflected in our internal model

 **Rigorous focus on value creation in the Group**

Among the leading European insurance groups

Top 10 German insurers

German insurers by global GWP (2014, €bn)

Top 10 European insurers

European insurers by global GWP (2014, €bn)

¹ Gross premiums earned

Third-largest German insurance group with leading position in Europe

Regional and segmental split of GWP and EBIT

GWP by regions 2014 (consolidated Group level)

GWP by segments 2014¹

GWP by regions 2014 (Primary Insurance)

EBIT by segments 2014^{1,2}

¹ Adjusted for the 50.2% stake in Hannover Re

² Calculation excludes Retail Germany, which contributes a negative EBIT of -€115

Well diversified sources of premium and EBIT generation

B2B competence as a key differentiator

Strategic focus on B2B and B2B2C

Industrial Lines	<ul style="list-style-type: none"> Core focus on corporate clients with relationships often for decades Blue-chip client base in Europe Capability and capacity to lead international programs
Retail Germany	<ul style="list-style-type: none"> Market leader in Bancassurance Market leader in employee affinity business
Retail International	<ul style="list-style-type: none"> ~35% of segment GWP generated by Bancassurance Distribution focus on banks, brokers and independent agents
Reinsurance	<ul style="list-style-type: none"> Typically non-German business generated via brokers

Unique strategy with clear focus on B2B business models

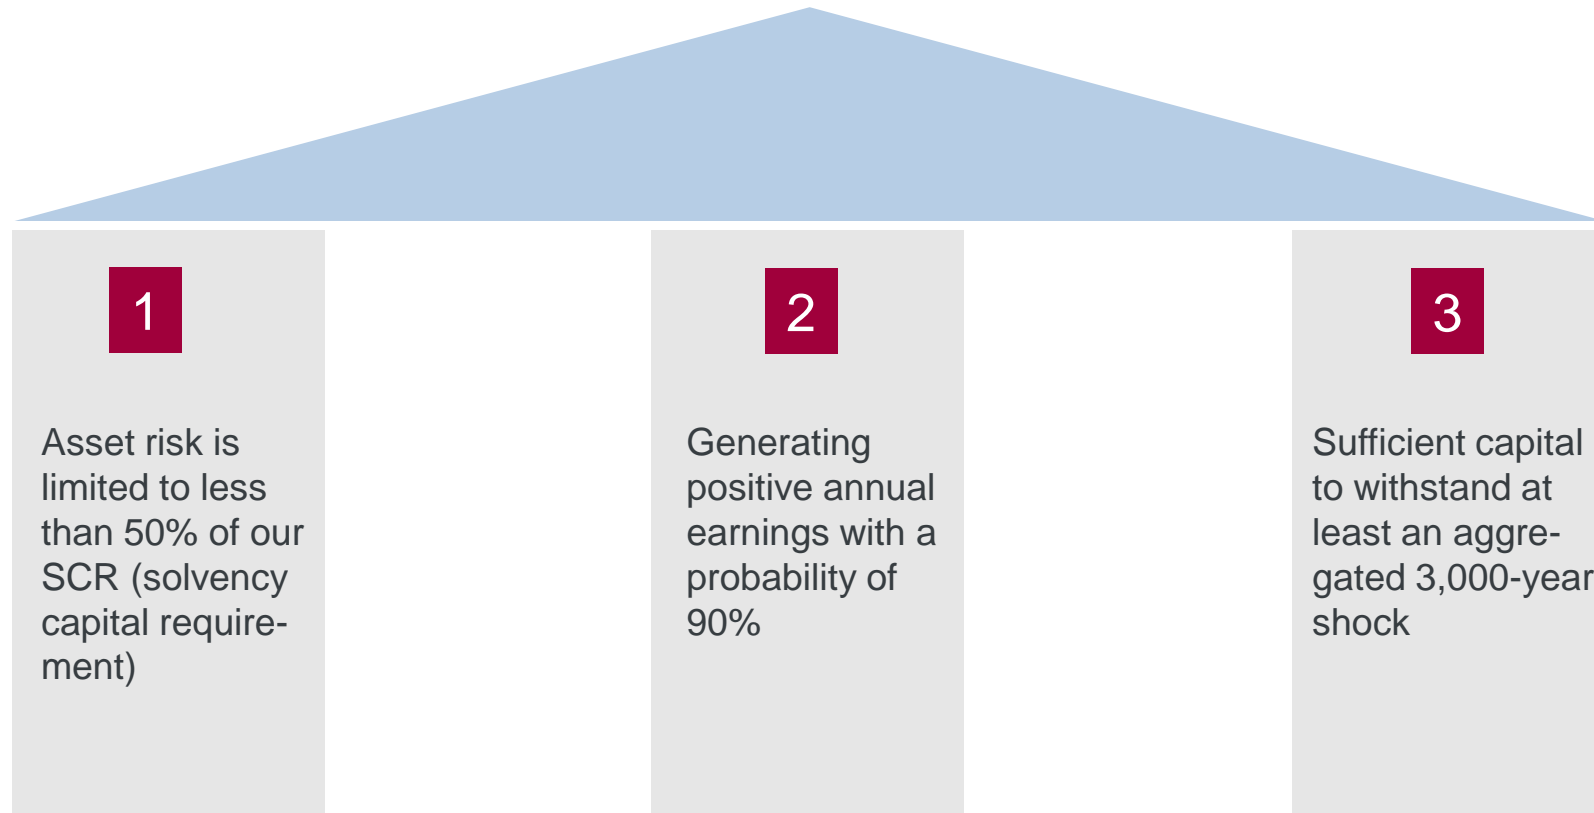

▶ Superior service of corporate relationships lies at heart of our value proposition

Excellence in distribution channels¹

Retail	Industrial/Reinsurance				
Employee affinity business					

¹ Samples of clients/partners

Key Pillars of our risk management

1 Focus on insurance risk

Risk components of Talanx Group¹

Comments

- Total market risk stands at 45% of solvency capital requirements, which is comfortably below the 50% limit
- Self-set limit of 50% reflects the dedication to primarily focus on insurance risk
- Non-life is the dominating insurance risk category, comprising premium and reserve risk, NatCat and counterparty default risk
- Equities ~1% of investments under own management
- GIIPS sovereign exposure 2.6% of total assets (FY2014)

¹ Figures show approximate risk categorisation, in terms of solvency capital requirements, of the Talanx Group after minorities, after tax, post diversification effects as of 12/2014

² Refers to the combined effects from market developments on assets and liabilities

▶ Market risk sensitivity (limited to less than 50% of solvency capital requirement) is deliberately low

2 Diversification of business model leads to earnings resilience

Talanx Group net income

¹ Net income of Talanx after minorities, after tax based on restated figures as shown in annual reports (2004–2013 according to IFRS)

² Adjusted on the basis of IAS 8

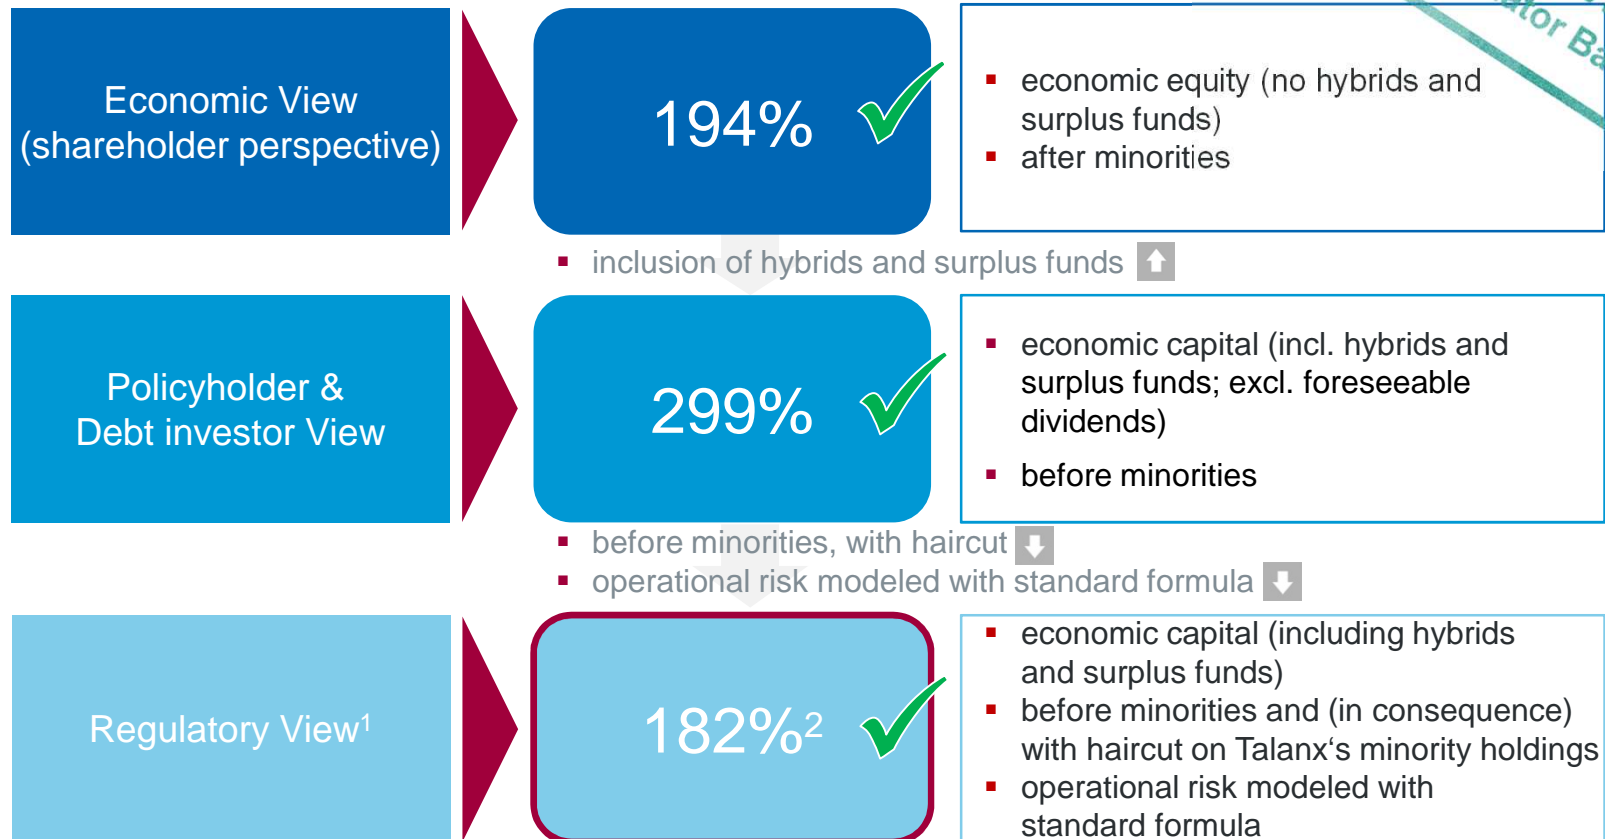

³ Top 20 European listed peers, each year measured by GWP; on group level; IFRS standards

Source: Bloomberg, annual reports

▶ Robust cycle resilience due to diversification of segments

3 TERM (Talanx Enterprise Risk Model) 2014 – Capitalisation perspectives

MODEL APPROVED
by German regulator BaFin

Note: all calculations are based on a 99.5% confidence level. They all do not take any transitionals into account. We model with a dynamic volatility adjuster.

¹ The regulatory view focuses on the HDI-Group as the regulated entity with HDI V. a. G. as ultimate parent undertaking. ² Figure has been retrospectively adjusted from 174% to 182%

► **Comfortable capital position from all angles**

3 TERM 2014 update – How does Talanx determine risk-bearing capacities?

Policyholder & Debt investor View (before minorities)

	Basic Own Funds (BOF bd)	▶	€17.1bn
/	SCR _{BOF}	▶	€5.7bn
=	BOF CAR	▶	299%
<hr/>			
	Minimum CAR (VaR 99.5%) for capital allocation	▶	200%
	Capital Buffer	▶	€5.7bn <small>€17.1bn - (200% * €5.7bn)</small>
-	Capital Buffer for uncertainties	▶	€1.7bn
=	Remaining Capital Buffer	▶	€4.0bn <small>€17.1bn - (200% * €5.7bn) - €1.7bn</small>

Comments

- When determining risk bearing capacities, Talanx considers an additional capital buffer for uncertainties
- The qualitative capital buffer reduces the capital available to cover quantified risks at Group level
- Further assessment of risk bearing capacity and the establishment of limits and thresholds is performed based on the minimum CAR of 200% minus a capital buffer for uncertainties of €1,700m
- On Group level, Talanx aims for a higher capitalisation level in line with its target to achieve an AA rating in the capital model of Standard & Poor's

▶ When determining risk-bearing capacities remaining uncertainties are additionally reflected by deducting a capital buffer of €1.7bn

Summary - Investment highlights

Global insurance group with leading market positions and strong German roots

Leading and successful B2B insurer

Value creation through group-wide synergies

New profitability measures implemented in Industrial Lines and Retail Germany

Dedication to focus on insurance rather than market risks

Commitment to continuously fulfill a „AA“ capital requirement by Standard & Poor's

Dedication to pay out 35-45% of IFRS earnings to shareholders

9M 2015 results – Key financials

Summary of 9M 2015

€m, IFRS	9M 2015	9M 2014	Change
Gross written premium	24,355	21,732	+12%
Net premium earned	19,246	17,131	+12%
Net underwriting result	(1,288)	(1,353)	(5%)
Net investment income	2,989	2,996	(0%)
Operating result (EBIT)	1,507	1,444	+4%
Net income after minorities	488	530	(8%)
Key ratios	9M 2015	9M 2014	Change
Combined ratio non-life insurance and reinsurance	96.9%	97.7%	(0.8%)pts
Return on investment	3.7%	4.0%	(0.3%)pts
Balance sheet	9M 2015	FY 2014	Change
Investments under own management	98,850	96,410	+3 %
Goodwill	1,033	1,090	(5%)
Total assets	152,886	147,298	+4 %
Technical provisions	107,361	101,109	+6 %
Total shareholders' equity	13,048	12,900	+1 %
Shareholders' equity	8,078	7,998	+1 %

Comments

- GWP up by 12.1% y/y, helped by currency effects (currency-adj.:6.5%) - all segments contributed to growth, double-digit GWP growth from Reinsurance division
- Combined ratio improved y/y by 0.8%pts on the back of the improvement in cost ratio (9M 2015: 26.9%; 9M 2014: 27.6%). Loss ratio remained flat at 70.2% despite higher large losses (man-made and NatCat) in Industrial Lines and Reinsurance
- Total investment result declined marginally by ~€7m due to lower extraordinary investment result, while ordinary investment result was up by €132m
- EBIT is up by 4.4%, helped by improved technical result and by improved "other income" (mainly positive currency result), overcompensating the effect from the goodwill impairment on German Life (impact on EBIT and net income of €155m), already reported in Q2 2015
- Shareholders' equity slightly increased ytd to €8,078m, or €31.96 per share (FY2014: €31.64) despite the goodwill impairment, the dividend payout in May (€316m) and the moderate increase in interest rates. Solvency I ratio stands ytd unchanged at 228% (FY2014: 228%)

 **9M 2015 EBIT up by 4% y/y despite increase in large losses and Q2 2015 effect from full goodwill impairment in German Life business**

Outlook for Talanx Group 2015¹

Gross written premium ²	+ 1-3%
Return on investment	> 3.0%
Group net income ³	€600 - 650m
Return on equity	7-8%
Dividend payout ratio ⁴	35-45% target range

¹ The targets are based on an increased large loss budget of €290m (from €185m in 2014) in Primary Insurance

² On divisional level, Talanx expects gross written premium growth of +2-5% in Industrial Lines, -5% premium decline in Retail Germany, +4-8% premium growth in Retail International and moderate growth in Reinsurance

³ Taking the impairment loss of goodwill into account, Talanx is expecting a Group net income of between €600m and €650m for FY2015

⁴ The Board of Management's proposed dividend for FY2015 will remain unaffected by the goodwill impairment. From today's perspective, it will thus be based on an as-if IFRS net income of between €755m and €805m

 **Targets are subject to no large losses exceeding budget (cat), no turbulences on capital markets (capital), and no material currency fluctuations (currency)**

Outlook for Talanx Group 2016¹

Gross written premium	stable
Group net income²	> €700m
Dividend payout ratio	35-45% target range

¹ The targets are based on an unchanged large loss budget of €290m in Primary Insurance, of which €260m in Industrial Lines. The large loss budget in Reinsurance has been raised to €825m from €690m

² The outlook contains ~€70m restructuring charges (after tax) for the Non-Life business in Retail Germany in 2016

▶ **Targets are subject to no large losses exceeding budget (cat), no turbulences on capital markets (capital), and no material currency fluctuations (currency)**

Mid-term Target Matrix

Segments	Key figures	Strategic targets (2015 - 2019)	
Group	Gross premium growth ¹	3 - 5%	
	Return on equity	≥ 750 bps above risk free ²	
	Group net income growth	mid single-digit percentage growth rate	
	Dividend payout ratio	35 - 45%	
	Return on investment	≥ risk free + (150 to 200) bps ²	
Primary Insurance	Industrial Lines	Gross premium growth ¹	3 - 5%
		Retention rate	60 - 65%
	Retail Germany	Gross premium growth	≥ 0%
	Retail International	Gross premium growth ¹	≥ 10%
		Combined ratio ³	~ 96%
		EBIT margin ⁴	~ 6%
Non-Life Reinsurance⁷	Gross premium growth ⁶	3 - 5%	
	Combined ratio ³	≤ 96%	
	EBIT margin ⁴	≥ 10%	
Life & Health Reinsurance⁷	Gross premium growth ¹	5 - 7%	
	Average value of New Business (VNB) after minorities ⁵	> € 90m	
	EBIT margin ⁴ financing and longevity business	≥ 2%	
	EBIT margin ⁴ mortality and health business	≥ 6%	

¹ Organic growth only; currency-neutral

² Risk-free rate is defined as the 5-year rolling average of the 10-year German government bond yield

³ Talanx definition: incl. net interest income on funds withheld and contract deposits

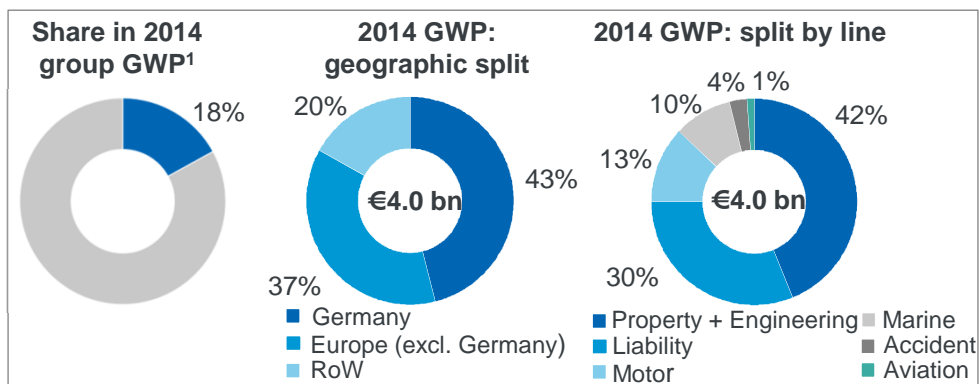

⁴ EBIT/net premium earned, ⁵ Reflects Hannover Re target of at least €180m

⁶ Average throughout the cycle; currency-neutral, ⁷ Targets reflect Hannover Re's targets for 2015-2017 strategy cycle

Note: growth targets are based on 2014 results. Growth rates, combined ratios and EBIT margins are average annual targets

Industrial Lines: Overview

Key figures

Key financials (€m)	FY2011	FY2012	FY2013	FY2014	Change
Gross written premium	3,138	3,572	3,835	4,031	+5%
Net premium earned	1,375	1,608	1,744	2,022	+16%
Net underwriting result	155	79	(42)	(61)	n/m
Net investment income	204	247	240	268	+12%
Operating result (EBIT)	321	259	129	182	+41%
Combined ratio ² in %	88.6	95.1	102.4	103.0	+0.6%pts
Return on Equity in %	12.4	8.8	4.2	6.3	+2.1%pts

¹ Based on total GWP adjusted for 50.2% share in Hannover Re

² Net, including income from interest on deposits

Comments

- GWP grew by +5.1% y/y in FY2014 (currency-adjusted:+5.9%)
- Sustainable growth resulting from international activities, incl. North America and Asia Pacific
- Increased retention rate of 50.9% in FY2014 (FY2013: 44.5%) despite reinstatement premiums of €127m
- Profitability impacted by reinstatement premium (€127m in FY2014) and large losses, e.g. storm Ela in Q2 and various man-made losses

Retail Germany: Overview

Key figures

Key financials (€m)	FY2011	FY2012	FY2013	FY2014	Change
Gross written premium	6,710	6,829	6,954	6,890	(1%)
Net premium earned	5,461	5,501	5,605	5,630	+0%
Net underwriting result	(1,258)	(1,425)	(1,515)	(1,953)	n/m
Net investment income	1,530	1,621	1,786	1,899	+6%
Operating result (EBIT)	110	100	161	(115)	n/m
Combined ratio ² in %	101.6	100.6	102.4	108.6	+6.2%pts
Return on Equity in %	2.7	4.8	3.0	(2.9)	n/m

¹ Based on total GWP adjusted for 50.2% share in Hannover Re

² Including interest income on funds withheld and contract deposits; net, property/casualty only

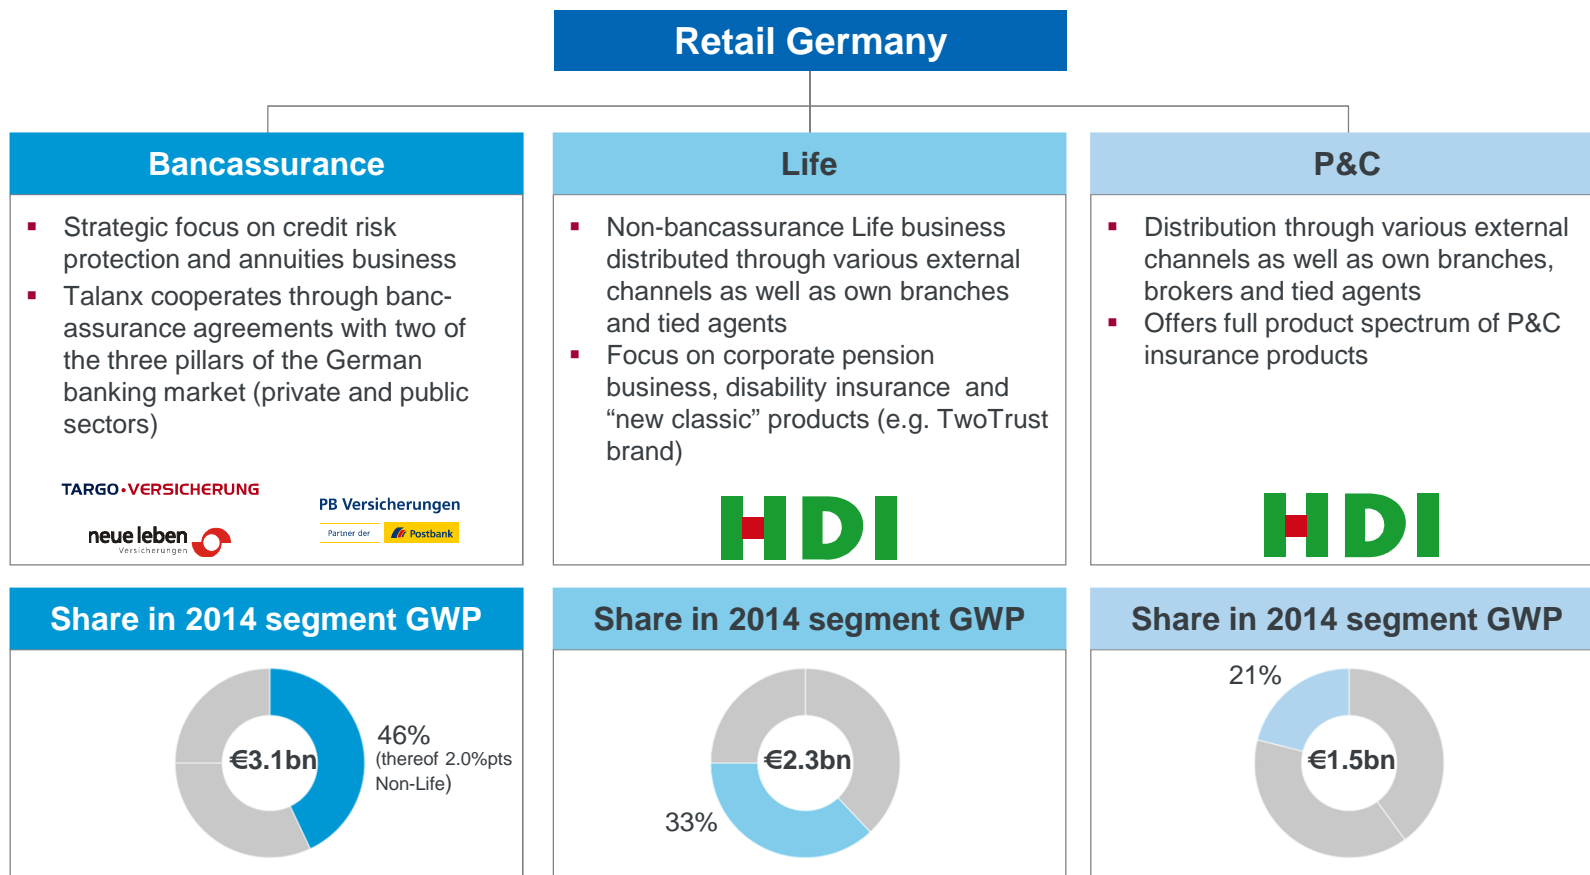

Comments

- In line with targets, slight reduction in GWP, primarily reflecting a decline in traditional Life business (FY2014: -1.4%)
- FY2014 included balance sheet strengthening of ~€290m. Adjusting for this effect, FY2014 combined ratio stood at 100.8% (Q4 2014: 103.6%)
- Adjusted FY2014 EBIT stood at €175m
- Decline in underwriting result due to balance sheet strengthening and higher capital gains (~€110m) to finance ZZR. Higher ordinary investment income contributed to bottom line
- 2014 ZZR allocation – according to HGB - of €358m (Q4 2014: €92m). In FY2014 total ZZR stock rose to ~€1.1bn

Profitability numbers in Retail Germany affected by balance sheet strengthening measures

Retail Germany: Division breakdown

▶ Multi-brand, multi-channel and high-penetration approach to customers

Retail Germany: Operating model target of Retail Germany

Life

Bancassurance

- Streamlined, profitable and capital efficient product portfolio with reduced guarantees

- Continued, active in-force portfolio management

- Balanced insurance portfolio

- Cost leadership

- Digitalisation of services in cooperation with distribution partners

HDI

- Market average cost level

- Sustainable, profitable distribution partners and channels

P&C

- Perception as a dynamic and fast acting insurance company
- Growth, particularly in commercial liability/casualty/property business/self-employed professions(i.e. tax advisory, lawyers)

- Offering modular and standardised products with low complexity, which are easy to understand for distribution partners and customers

- High quality 24/7 service and increased time to market based on modernised IT
- Market leader in claims management

- Competitive cost ratios

- Implemented and profitable direct/multi-access capacity

Implementation of IT fundamentals

Harmonised and standardised future life IT landscape

Harmonised and standardised future P&C IT landscape

Retail Germany: New efficiency program “KuRS” (Overview)

Efficiency Program – Mission

- Launched in FY2015 to sustainably optimise Retail Germany and its competitive position
- Focus on strategic realignment, optimisation of business processes, modernisation of IT infrastructure and improved cost efficiency
- Covering all business lines of HDI and Bancassurance in Life and Non-Life

Main financial goals

- Closing the expense gap of ~€240m in Retail Germany by FY2022
- Positive yearly impact on Group net income from 2017 onwards expected

Key measures

Alignment of product portfolio

- Higher grade of standardisation; reducing product complexity
- Increased focus on risk, biometric and payment protection products in Life business and capital-efficiency

Improved business processes

- Modernisation and simplification of IT environment
- Optimisation of business processes
- Enhancement of automated processes (focus on straight-through-processing)

Cost reduction

- Targeted reduction of combined FTE in Life and Non-Life of ≥600
- Additional reduction of other admin expenses

Positive effects from efficiency program on Group P&L from 2017 onwards

Retail Germany: Impact efficiency program “KuRS” in Non-Life

Estimated project costs and synergies in Non-Life¹

Comments

- Largest part of cost for efficiency program KuRS in Non-Life until FY2016
- Cumulated cost for KuRS in Non-Life of ~€230m, of which more than 90% targeted until 2020
- Total level of synergies of close to €140m p.a. expected; ~major part expected by FY2020; IT synergies expected to be back-end-loaded
- Positive EBIT effect from KuRS program in Non-Life expected from FY2017 onwards

¹ Based on cost basis FY2014, including inflation assumptions for operating cost and synergies

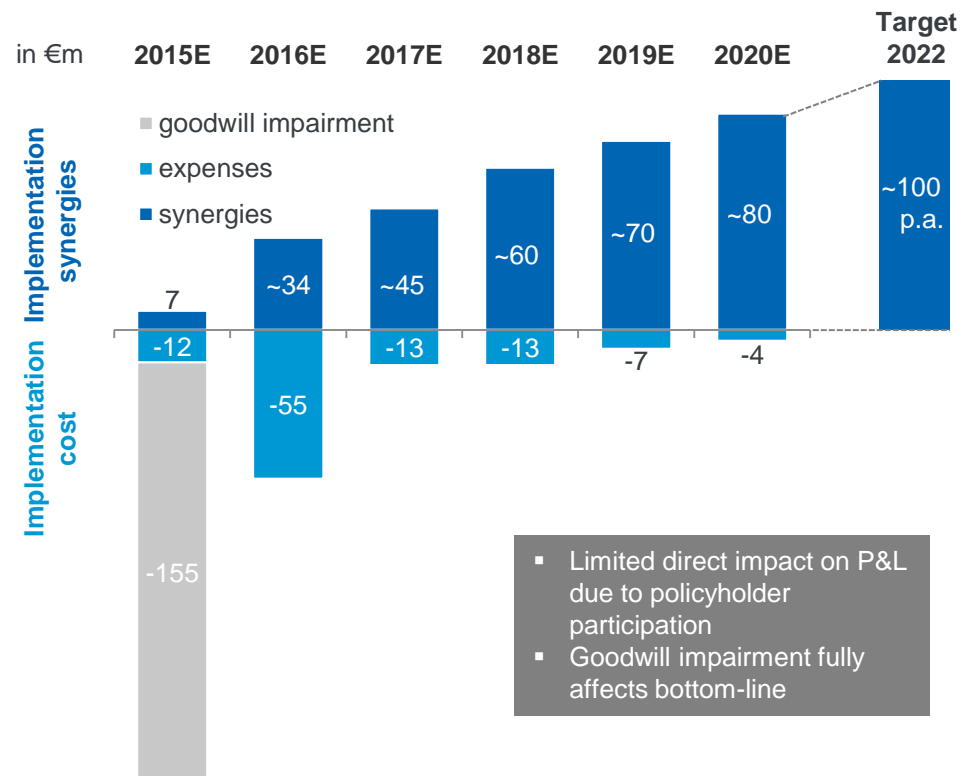

² A remaining ~€16m implementation costs likely to affect business years 2021/2022

Automation set to drive progress in efficiency

Retail Germany: Impact efficiency program “KuRS” in Life

Estimated project costs and synergies in Life¹

Comments

- As in Non-Life, the majority of costs for the KuRS efficiency program is intended to be booked in FY2016, including total restructuring cost of ~€40m
- Expected cumulated cost for KuRS in Life of ~€100m; more or less completely to be captured until 2020
- Total level of synergies of ~€100m p.a. expected; major part of benefits expected until FY2020
- Limited EBIT impact due to policyholder participation in Life

¹ Based on cost basis FY2014, including inflation assumptions for operating cost and synergies

Key focus on capital efficiency

Retail International: Overview

Key figures

Key financials (€m)	FY2011	FY2012	FY2013	FY2014	Change
Gross written premium	2,482	3,261	4,220	4,454	+6%
Net premium earned	1,862	2,621	3,513	3,735	+6%
Net underwriting result	(42)	3	32	(11)	n/m
Net investment income	159	281	284	321	+13%
Operating result (EBIT)	55	107	185	208	+13%
Combined ratio in %	99.3	96.2	95.8	96.4	+0.6%pts
Return on Equity in %	6.5	3.5	5.9	7.0	+1.1%pts

¹ Based on total GWP adjusted for 50.2% stake in Hannover Re

² CEE/CIS including Turkey and Russia; LatAm including Mexico; Western Europe including Italy, Austria, Liechtenstein and Luxembourg

Comments

- 2014 GWP growth of 5.5% (curr.-adj.:+9.5%) supported by motor lines in Brazil & Mexico as well as by business in Poland
- 2014 EBIT target of ≥€200m met
- Higher investment income results from higher asset base and increasing interest rates in Brazil
- Turkey continues its positive trend and delivered four profitable quarters to FY2014 segment EBIT (in sum: €2.5m)

Business in Retail Intern. compensates for German business with limited growth perspectives

In all of Retail International's Core Markets, market shares for Talanx's entities have improved

Retail International: Strategic initiatives in Core Markets

Poland

- Enhance network diversification
- Pricing based on digitisation & analytics
- Adopting to tightened regulation

Brazil

- Further penetration of Sao Paulo and Rio de Janeiro markets
- “HDI Digital”: fleets and recycling
- Increase usage ratio of “Bate-Prontos”

Turkey¹

- Pro-active risk selection
- Optimisation of claims management
- Product and channel diversification

Mexico

- 30% faster closing of Motor claims
- 20% lower Motor claims handling cost
- Claims management

¹ Excl. CIL/Turkey

▶ Strategic initiatives are key drivers of EBIT – supported by transfer of best practices

Reinsurance: Overview

Key figures

Share in 2014 group GWP¹ GWP development (total, €bn)

Comments

Non Life:

- Growth effects mainly from structured Reinsurance in Asia and facultative business
- Major losses of €426m (6.1% of NPE) below budget of €670m; conservative loss reserving policy maintained
- FY2014 EBIT margin³ of 17.4% (FY2013:16%) is well above target

Life/Health:

- Growth effects mainly from Australia and Longevity BATs
- Improved technical result due to normalised result from Australian disability business

Disclaimer

This presentation contains forward-looking statements which are based on certain assumptions, expectations and opinions of the management of Talanx AG (the "Company") or cited from third-party sources. These statements are, therefore, subject to certain known or unknown risks and uncertainties. A variety of factors, many of which are beyond the Company's control, affect the Company's business activities, business strategy, results, performance and achievements. Should one or more of these factors or risks or uncertainties materialize, actual results, performance or achievements of the Company may vary materially from those expressed or implied as being expected, anticipated, intended, planned, believed, sought, estimated or projected in the relevant forward-looking statement.

The Company does not guarantee that the assumptions underlying such forward-looking statements are free from errors nor does the Company accept any responsibility for the actual occurrence of the forecasted developments. The Company neither intends, nor assumes any obligation, to update or revise these forward-looking statements in light of developments which differ from those anticipated.

Where any information and statistics are quoted from any external source, such information or statistics should not be interpreted as having been adopted or endorsed by the Company as being accurate. Presentations of the company usually contain supplemental financial measures (e.g., return on investment, return on equity, gross/net combined ratios, solvency ratios) which the Company believes to be useful performance measures but which are not recognised as measures under International Financial Reporting Standards, as adopted by the European Union ("IFRS"). Therefore, such measures should be viewed as supplemental to, but not as substitute for, balance sheet, statement of income or cash flow statement data determined in accordance with IFRS. Since not all companies define such measures in the same way, the respective measures may not be comparable to similarly-titled measures used by other companies. This presentation is dated as of 11 January 2016. Neither the delivery of this presentation nor any further discussions of the Company with any of the recipients shall, under any circumstances, create any implication that there has been no change in the affairs of the Company since such date. This material is being delivered in conjunction with an oral presentation by the Company and should not be taken out of context.
